

2017
READERS'
CHOICE
AWARDS

MISSISSAUGA
TheNews.

Congratulations!

Our readers, your customers, have spoken loud and clear; and they say you are one of the top businesses in Mississauga.

In fact, your victory in the 2017 Mississauga News Readers' Choice Awards means you have joined a select group of businesses who can legitimately claim, "We are the best!"

This is a singular honour and distinction, and reflects how engaged you are with your customers, and how loyal those customer are to you. An engaged business and devoted customers. I can't think of a more powerful equation for business success.

You should be proud.

And certainly we are proud on your behalf.

At the Mississauga News, we are committed to our community, and committed to the success of the businesses that serve it. The Mississauga News Readers' Choice Awards, the most respected and reputable consumer awards in our city, are just one tangible expression of that commitment.

And this year's awards, our 22nd since their inception, were our biggest yet, with more than 154,000 ballots cast and 35% more readers voting this year than last. As I said, our readers, your customers, have spoken loud and clear.

So step into the winners' circle. You've earned it.

And remember, the Mississauga News is committed to helping you grow your business to even greater heights.

So on behalf of everyone at the Mississauga News, congratulations again. And thank you for your commitment to business excellence.
