Research shows that consumers prefer to receive advertising flyers within a daily newspaper. By choosing distribution within The Hamilton Spectator, you ensure that your flyer is welcomed into consumers' homes as part of their daily newspaper package.

- ❖ Distributed in home-delivered and single-copy newspapers
- ❖ Tuesday thru Saturday distribution*
- ❖ Area selection by FSA (Forward Sortation Area)
- ❖ Flyers inserted on the premises with state-of-the-art inserting equipment

For advertisers who understand and appreciate the value of distribution within a paid vehicle, The Hamilton Spectator provides access to a lucrative consumer market. Daily newspaper readers are better educated and more affluent than adults in general, and their retail expenditures exceed the market average.

Spectator Readers Read Flyers!

It's one thing to ensure your flyers reach the doors of potential customers. It's quite another to expect them to be read. But research shows that distribution of flyers within a daily newspaper increases the likelihood of readership.
